

Preparing for ISO 22301:2019

Six steps for a successful transition

Don't delay – start today

BSI has identified a step-by-step journey to help you understand and realize the benefits of the revised ISO 22301:2019. We have mapped out a framework which guides you through the options and support available from BSI to ensure you have the knowledge and information you require.

- 1 Talk to your BSI Client Manager**
 - Discuss your challenges and timelines
 - Review the latest content on the BSI website for background information
 - Buy your copy of ISO 22301:2019
- 2 Attend BSI's Training Academy**
 - Delivered by experts, understand the new requirements faster and in greater detail by attending one of our training courses
- 3 Communicate with your organization**
 - Talk to your leadership team about the new requirements
 - Communicate the revision to your wider organization to gain buy in
 - Send regular updates on progress
- 4 Set up an internal project team**
 - Create an implementation plan and monitor progress
 - Take a fresh look at your business continuity management system
 - Implement any necessary changes based on the new and updated requirements
 - Adapt your documentation to reflect the new standard
- 5 Gap assessment**
 - To help you prepare for ISO 22301:2019 our experts can deliver a gap assessment to identify the strengths and weaknesses of your BCMS. This will help you prepare for step 6
- 6 Transition assessment**
 - Working with your BSI Client Manager you can complete your transition to the new standard before the anticipated deadline in October 2022
