

**Eurocode 9: Design of aluminium structures**

BS EN 1999 covers common rules, structural fire design and structures susceptible to fatigue.

**The specific parts, and the relevant withdrawn British Standards, are:**

- BS EN 1999-1-1- General structural rules. Replaces BS 8118-1 and BS 8118-2
- BS EN 1999-1-2- Structural fire design
- BS EN 1999-1-3- Structures susceptible to fatigue. Replaces BS 8118-1
- BS EN 1999-1-4- Cold-formed structural sheeting
- BS EN 1999-1-5- Shell structures. Replaces BS 8118-1
