

BIM Self-assessment checklist

Where are you in your journey to BIM maturity?

No matter what stage you are in your BIM journey, BSI's suite of BIM solutions are designed to move your organization forward. Complete the assessment below to find out what solutions would be applicable for you at your current stage of BIM maturity.

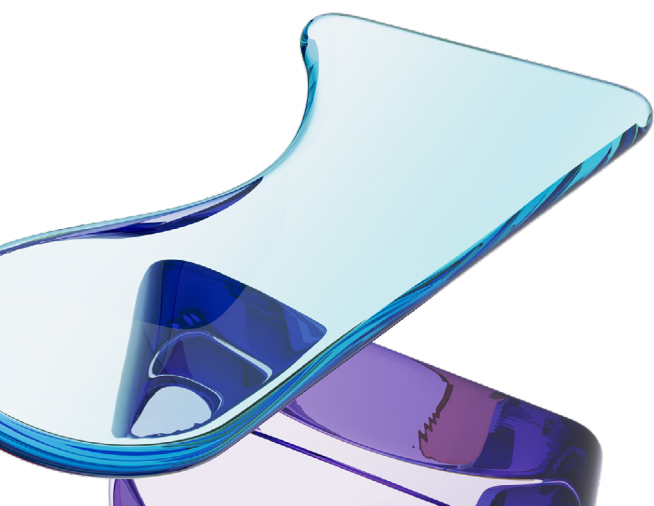

Your BIM self-assessment checklist

The following checklist has been designed to help you understand your organization's current stage of BIM maturity. Based on your end score, you will be given actionable next steps for how to move forward on your BIM journey through training, assessments or BSI Kitemark Certification.

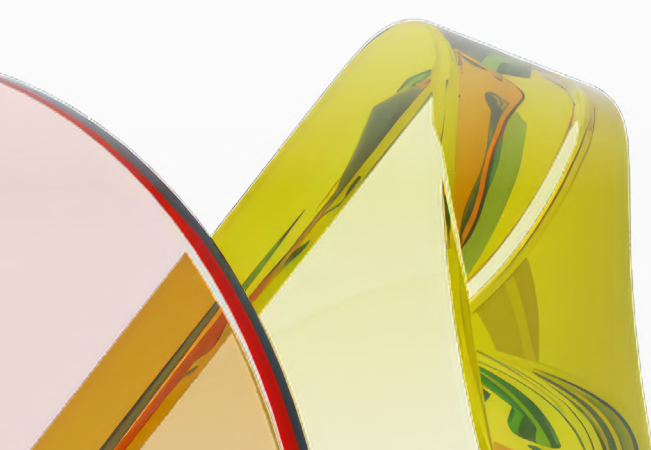

Please fill in the checklist below, and your maturity results will be provided.

		Yes	No
1	BIM principles I understand the principles of BIM and what it aims to achieve.	<input type="checkbox"/>	<input type="checkbox"/>
2	BIM Framework I have read and understand my organizations BIM requirements as per the ISO 19650 Framework.	<input type="checkbox"/>	<input type="checkbox"/>
3	Internal BIM 'champions' There is at least one individual within my organization who could be described as a subject matter expert for BIM.	<input type="checkbox"/>	<input type="checkbox"/>
4	Executive understanding and commitment There are advocates at an executive level who both understand the principles of BIM and are willing to commit time and budget to its implementation.	<input type="checkbox"/>	<input type="checkbox"/>
5	BIM processes We are currently developing BIM processes within my organization.	<input type="checkbox"/>	<input type="checkbox"/>

Your BIM self-assessment checklist

		Yes	No
6	BIM maturity We have established robust BIM processes within my organization.	<input type="checkbox"/>	<input type="checkbox"/>
7	IT/Software The right IT systems and software options are already in place to use BIM at my organization.	<input type="checkbox"/>	<input type="checkbox"/>
8	BIM use We have applied our BIM process to at least one project within my organization.	<input type="checkbox"/>	<input type="checkbox"/>
9	Staff training Myself and my colleagues have received up to date BIM staff training.	<input type="checkbox"/>	<input type="checkbox"/>
10	BIM expertise We have ensured that all personnel working on BIM are adequately qualified.	<input type="checkbox"/>	<input type="checkbox"/>

Your BIM self-assessment checklist

Yes

No

11

Continual development

We have a culture of continuous feedback within my organization so are actively reviewing the performance of previous and current BIM projects.

12

Business as usual

We routinely apply BIM to all projects as business as usual.

13

BIM across the full asset lifecycle

We support the adoption of BIM utilized in our projects beyond our delivery phase where possible.

14

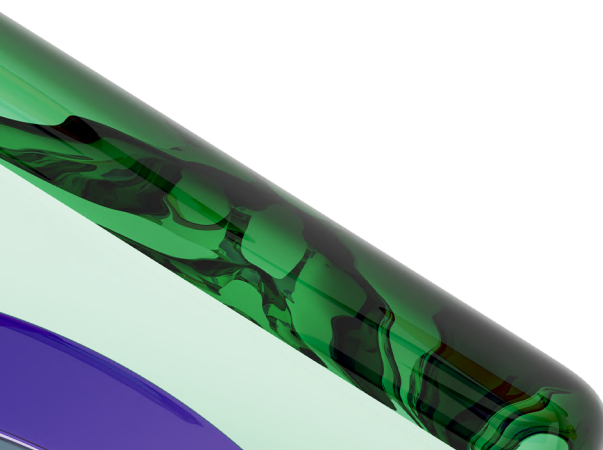

Client support

We support our clients and supply chain to maximize the effectiveness of BIM. Clients and members of my organization's global supply chain are well informed about BIM and its importance within the sector.

15

Benefit realization

We have seen demonstrable evidence that BIM is improving the way in which we deliver our projects.

Snapshot of BIM maturity scores

0-7 points

Begin with our BIM Training Courses to solidify your foundational knowledge and practical skills in managing BIM projects.

8-10 points

Consider a BSI Gap Assessment to align your current practices with future goals, enhancing performance through standards.

11-15 points

Pursue BSI Kitemark Certification to distinguish your projects and confirm your organization's status as a certified industry-leader in BIM.

0-7 points

Your next BIM move... BSI BIM Training Courses.

Based on your organization's BIM maturity score, we'd recommend enrolling your team on one of our dedicated BIM training Courses. Developed in conjunction with leading industry consultants and trends, our BIM training courses provide the most relevant and up-to-date information in the market. You'll learn how to effectively manage information across all stages of your construction projects.

Wherever you are on your journey, whatever your role, we have a course to help you be more efficient at what you do. Visit [bsigroup.com](https://www.bsigroup.com) to find out more.

8-10 points

Your next BIM move... BSI Gap Assessment.

Based on your organization's BIM maturity score, you may benefit from a BSI Gap Assessment. A Gap Assessment provides you with a method of assessing your current situation against future goals. Typically, this is based on using recognized standards to improve your organization's performance.

Following a Gap Assessment, you'll have information to act upon to take your BIM maturity to the next level, preparing you for Kitemark Certification. Visit [bsigroup.com](https://www.bsigroup.com) to find out more.

You may also consider enrolling in [BIM training](#).

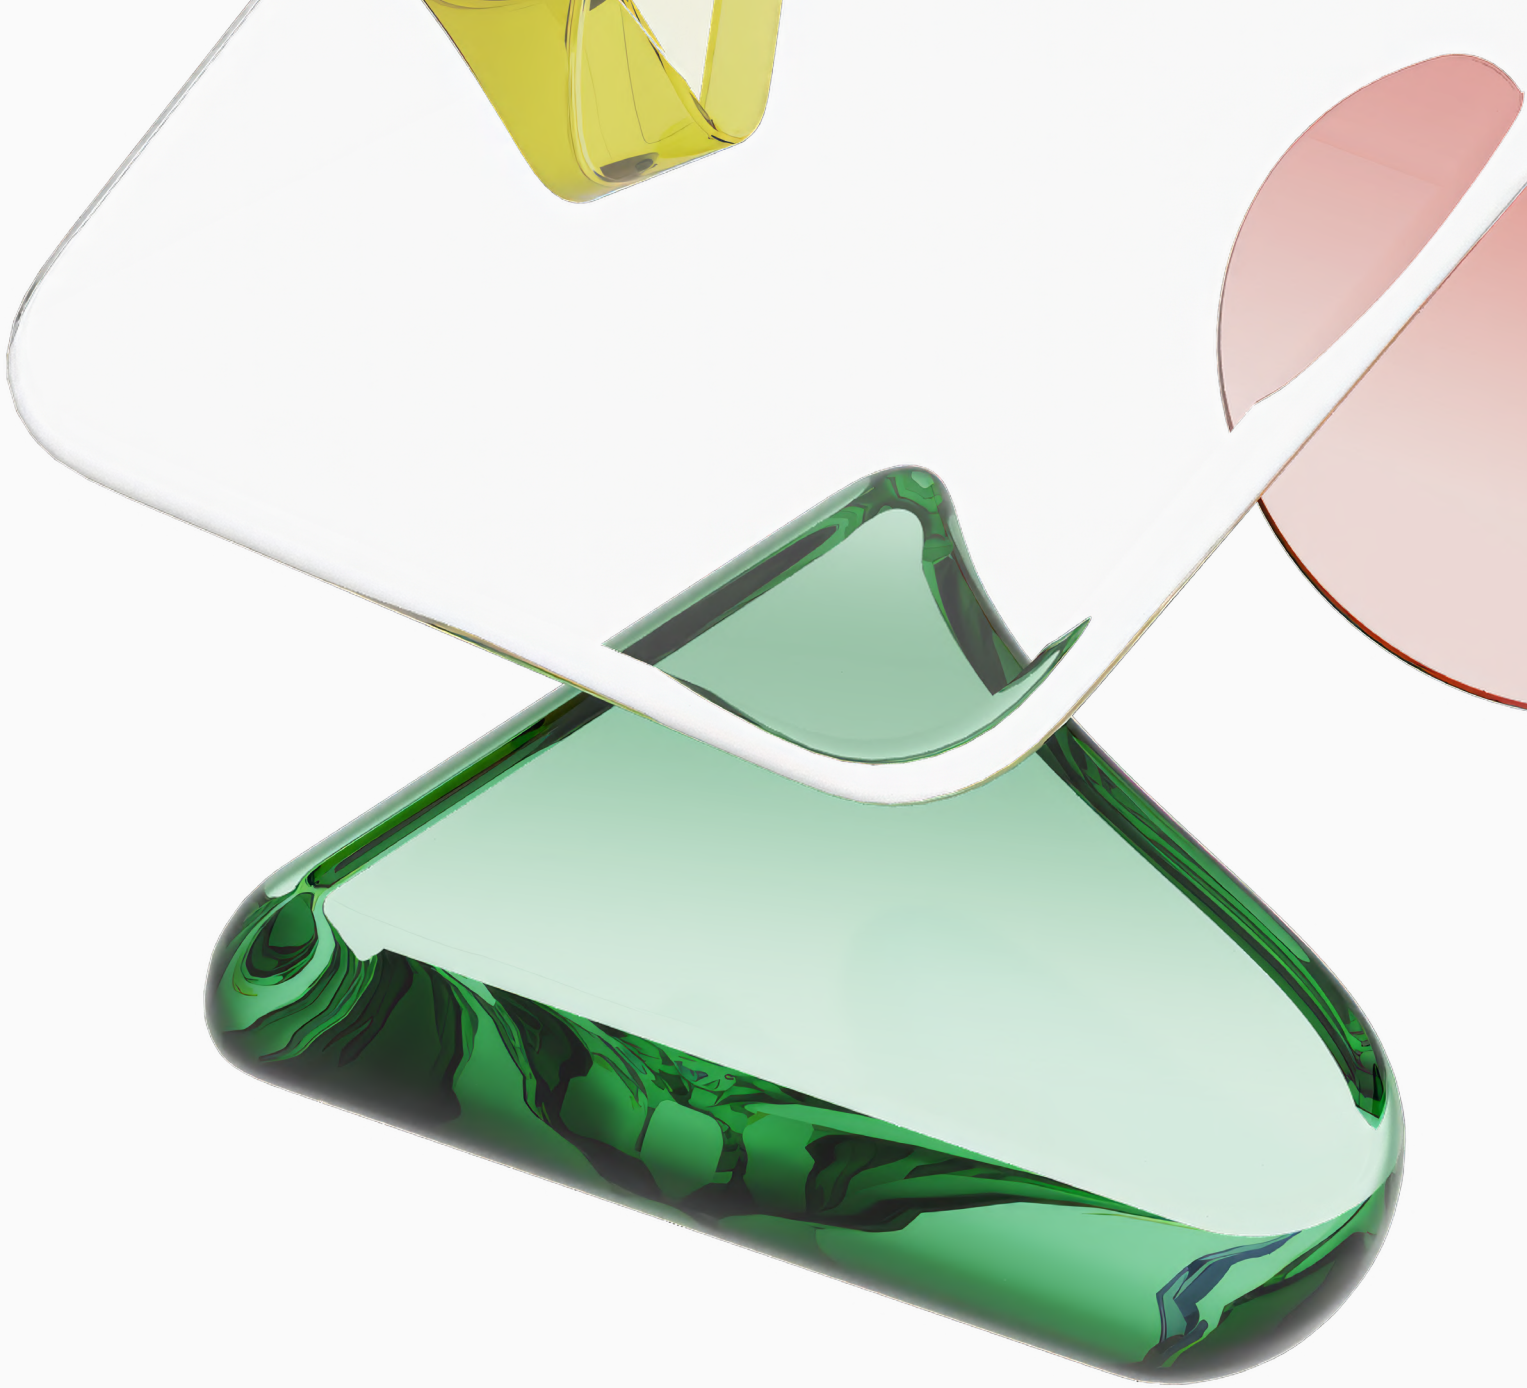

11-15 points

Your next BIM move... BSI Kitemark Certification.

Based on your organization's BIM maturity score, you may be ready to achieve [BSI Kitemark Certification](#).

In a competitive market, the BSI Kitemark enables you to differentiate your BIM projects and demonstrate your position as a market leader. During this process, we also assess your delivery of projects to contract requirements, your measurement and monitoring of client satisfaction against the delivery of a project, and the management of your supply chain, or your role within it. Visit [bsigroup.com](https://www.bsigroup.com) to find out more and start your application.
