

ISO/IEC 42001:2023 Internal Auditor Practitioner Qualification

Essential information about the course

This qualification develops the necessary knowledge and skills to assess and report on the conformance and implementation of an Artificial Intelligence Management System conforming to ISO/IEC 42001 and gain the understanding of the concepts which underpin ISO/IEC 22989:2023 as a normative reference in ISO/IEC 42001:2023. You will learn how to initiate an audit, prepare and conduct audit activities, compile and distribute audit reports and complete follow-up activities.

Make sure the course is right for you

Who is this course for?

- Those who will be involved in advising top management on the introduction of ISO/IEC 42001 into an organization
- Anyone working with AI, including consultants
- Anyone involved in the auditing, maintaining or supervising of an ISO/IEC 42001 AIMS

What will I learn?

You will have the knowledge to explain the purpose and business benefits of:

- Artificial Intelligence Management Systems (AIMS),
- AIMS standards (history, terms, definitions, concepts and principles)
- Management system audit
- Third-party certification
- The role of an auditor to plan, conduct, report and follow up an AIMS audit in accordance with ISO 19011 (and ISO 17021 where appropriate)

You will have the skills to:

- Develop and structure audit activities
- Prepare audit activities
- Conduct audit activities
- Prepare an audit report
- Complete the audit
- Conduct audit follow-up actions

What are the benefits?

This qualification will help you to deliver the auditing of an ISO/IEC 42001:2023 AIMS by giving you the knowledge and skills to:

- Prepare, conduct and follow-up on audit activities
- Identify and apply the benefits and requirements for an ISO/IEC 42001 internal audit
- Write factual audit reports and assess corrective actions
- Understand what is needed to develop an AI system
- Understand key terms and definitions associated with AI
- Create the framework for your own Artificial Intelligence Management System (AIMS)
- Gain knowledge to develop your AIMS framework and build awareness and support across your organization
- Be confident that you have the capability to protect your business and meet stakeholder expectations

Prerequisites - you are expected to have the following prior knowledge:

- There are no formal prerequisites for this qualification
- It will help if you have experience of conducting internal audits
- The qualification will only be awarded if all components are successfully completed within 3 years

On successful completion of the qualification, you'll receive a BSI Mark of Trust that can be shared within your organisation and across your network of contacts.

In addition, you will be awarded an internationally recognized BSI training course certificate for each of the completed courses and exams.

Why invest in training from BSI?

We want to make sure you have the best learning experience possible. That's why we offer a range of training courses from beginner to expert. We create a positive learning environment so you retain the knowledge and acquire the skills that will continue to be of use beyond the course.

When you attend a BSI training course, our tutors are the best in the business. They're truly passionate about sharing their knowledge and ensuring you learn. Trusted experts with years of hands-on and business experience, they bring the subject matter to life with relevant and contemporary examples to enhance your learning.

Training delivered at your site could be a convenient and cost-effective option, especially if you have multiple delegates. Talk to one of our experts to find out more.
