

New York City NYC DOB Site Safety Training and Scaffold Training Offerings

OSHA 30 Hour Construction Safety & Health Course

The OSHA 30 Hour Construction Industry Outreach Training Course is a comprehensive safety program designed for anyone involved in the construction industry (workers and supervisors). This course places a special emphasis on hazard identification, control, and prevention. Course includes several topics valuable to construction related work, such as Fall Protection, Excavations, Scaffolding, OSHA Inspection Procedures, and more. Upon successful completion, students will receive Course Completion Cards from OSHA for the 30 Hour Construction Industry.

Course Price: \$520*

Upcoming Course Dates:

No classes scheduled at this time		
-----------------------------------	--	--

8-Hour Site Safety Training Course (SAF-202)

This 8-hour course is the refresher for the individuals renewing their NYC DOB certifications as the Safety Managers (every three years) and Site Safety Coordinators (every year).

Course price: \$275*

Upcoming course dates:

No classes scheduled at this time		
-----------------------------------	--	--

8-Hour Fall Prevention Site Safety Training Course (SST-307)

This awareness level 8-Hour Site Safety Training is required by NYC LL196 and is a prerequisite for some construction, demolition workers, and supervisors at certain construction sites within the five boroughs of NY to obtain a Site Safety Training Cards. Trainees will become generally familiar with the terms associated with fall hazards and controls in the construction industry as they pertain top construction in New York City; will be able to recognize and avoid fall hazards and prevent fall-related incidents from occurring or causing harm; learn of roles, responsibilities, and accountabilities of various individuals on a construction site.

Course Price: \$275*

Upcoming course dates:

Friday, August 23, 2024	7:30-16:30	This is a private course and is not open to the public
-------------------------	------------	--

4-Hour Supported Scaffold User & Refresher Course (SCA-211)

Individuals who use a supported scaffold (regardless of height of the scaffold), including the person supervising such, shall, at a minimum, have completed a NYC DOB 4-hour training program and, every four years thereafter, retake the 4-hour training course in accordance with Chapter 33 of the NYC DOB Building Code.

Course Price: \$150*

Upcoming course dates:

Monday, August 26, 2024	8:00-12:00	This is a private course and is not open to the public
-------------------------	------------	--

40-Hour Site Safety Training Course (SAF-102)

The 40-hour curriculum covers the NYC Building Codes, including the requisite review of Chapter 33 'SAFEGUARDS DURING CONSTRUCTION OR DEMOLITION", AS WELL AS CURRENT Federal and State regulatory standards and applicable laws to ensure compliance and safe work practices in construction.

Course Price: \$620*

Upcoming course dates:

August 28-30 and September 3-4, 2024	8:00-17:00	This is a private course and is not open to the public
--------------------------------------	------------	--

* Course price includes class completion certificates which will be provided upon successful completion of the class. Price does not include Site Safety Training (SST) cards.
